

PlingPay – Fast and Cost Efficient Transactions

Corporate Solution

PlingPay is a cross border payment platform that can save several percent of the volume on every transaction you send cross borders, even compared to the closest competitors in the market, giving you much more accurate rates. Over time this will make a substantial difference on your bottom line and your cross borders business solutions.

PlingPay also offers customized services for managing salaries payments, bill payments and more in the receiving country. Let us know what you need and we

will find a solution for a very reasonable cost.

PlingPay offers a free of charge go through of your present and past transactions and will provide in return a transaction by transaction statement of what rates and prices you could have gotten from the PlingPay system instead.

Make a free inquiry today,
improve your bottom line significantly
already by the end of the month!
